SKOKIE SCHOOL DISTRICT 73½ AUTHORIZATION TO ADMINISTER MEDICATION

School District 73½ policy states that medications, including over-the counter medications, may be administered to students at school only if necessary for the critical health and well-being of the student. All medications must be brought to the nurse's office in the original container or in one properly labeled by the pharmacy or physician. The label must include the student's name, physician's name, name of the medication, dosage and time to be administered. The nurse must be notified in writing of any changes. For those students who are permitted to carry their inhaler, epinephrine auto-injector and diabetes equipment and supplies, an additional dose/supply must be brought and stored in the nurse's office and labeled in the same manner. This form must be completed and returned to the health office before any medication may be administered by district staff.
